#### Principal's Report

##### Welcome Back

It is hard to believe that it is Term 4 already. Year 12 students are on the home stretch now working madly to complete assessments before exams begin. Thanks to all the staff who ran Year 12 Practice exams over the holidays. This is the best preparation as it allows for exams to be run under exam conditions. The extracurricular activities do not stop, as there are several sporting events and other things coming up within the next few weeks – including the Year 6 trip to Melbourne. I hope everyone enjoyed their break.

Welcome back to Carol White and Nathan Sims who have returned from leave.

##### Snakes

With the warmer weather approaching comes the risk of snakes entering our property. We ask everyone to be vigilant around the school and to warn the students to stay away from the outer perimeter and long grassy areas.

##### Hats

All students are required to be wearing hats during Term 4 if they are outside. So, whether you are in Foundation or Year 12, we ask that you cover up and protect yourselves from sun damage. Sunscreen is available.

##### Code Red Days

We are a Bushfire at risk school and therefore we run under the Department's Code Red practices. An information piece is enclosed for all families, which details what we will do if a Code red day is declared. Please remember, the Department of Education tell us when the school will close, with 24 hours' notice. If a declaration is received, all families will be notified. School will not be open for anyone if a Code Red day is declared.

### Family Cyber Information Session

Don't forget the cyber information session for parents and carers to be held next Monday, 15<sup>th</sup> October at 6.30pm in Room 21. It will go for one hour and will be conducted by the Alannah and Madeline Foundation 'Connect' presenters. There is a short flyer below explains the topics to be covered. This is a great opportunity for all families to come along and learn about keeping our children safe online and how to help students understand what constitutes appropriate use of technology.

These strawberries have been sourced from Lake Boga Farms. Money raised will assist in funding the watering system for our school. An order form is attached at the end of this Newsletter. ## Pre-school Transition:

Last term, the Year 5 students walked to the Pre-school to spend some time getting to know their prospective buddies for 2019.

All students (big and little) enjoyed outside play time at the Pre-school. The Pre-school students sang a few of their favourite nursery rhymes during the lunch break.

Year 5 students look forward to completing the ‘Better Buddies’ training prior to 2019, as they step up into the role of buddies.

We look forward to hosting the Pre-school students on the 18<sup>th</sup> October at BDS

### **Solar lights**

Last term, the Year 5/6 classes have built solar lights to go to Myanmar which is on the Thailand border. There are displaced groups of people because of local conflict. Some have to leave Myanmar entirely. This local conflict has been going on for many decades. The Free Burma Rangers (FBR) are people who go into Myanmar and help the villages who are at risk. We hope that these lights help the displaced groups of people in the Myanmar wars. We made them so that they could see at night because they have no electricity. When we were making these lights we felt honoured.

**Written by Britney Sykes, Alice Lanyon and Tayla Gooding.**

The Solar lights were a great success. The recipients will be both surprised and overwhelmed at the generosity of people overseas. I'm delighted that so many groups of people are interested in the education and development of the students at Boort and welfare and social justice of the people of Myanmar.

The money for the lights was provided by The Boort Baptist Sunday School Children, Kerang / Boort Eternity Churches, Beaufort Community Church and Swan Hill Chaplaincy support group.

Thankyou one and all for your support.

During the first week of the school holidays we travelled to Queenstown, New Zealand to participate in a snow skiing adventure. The week included four days downhill skiing at the different resorts around Queenstown – Cardrona, Remarkables and Coronet Peak. Our favorite place was Remarkables as it had the most amazing lookout overlooking Queenstown and the mountain ranges; it was also a very social atmosphere due to the central intertwined ski slopes. The weather was also perfect and we were able to ski in t-shirts and jackets. We had two days at Cardrona and the ski runs were definitely more challenging with blue, red and black runs. We also had two free days where we had a choice of activities. On the first day Rory organized a Lord of the Rings tour before he left Australia and thoroughly enjoyed his one on one time with the tour guide, answering all questions thrown his way and loved seeing the sights where the film was shot. The rest of the Boort group decided to go Zip Lining at the Kawarau Gorge. We chose to ride it Superman style and Upside down, it was exhilarating and lots of laughs, but we wished it went for longer than 130m as it was all over quickly and we wanted more. On the second day we went mini golfing, walked around the Queenstown Gardens lake walk, ate burgers at Fergburger and ice cream. We had free time each evening after tea and this was spent playing cards, exploring Queenstown, visiting the Haunted House and eating ice cream. One afternoon after skiing we rode on the Gondola, raced each other on the Luge and ate a record amount of food at the Skyline Buffet. Overall we had a great time. We would definitely recommend this trip to anyone in two years time when it is offered again.

#### Best bits

Meg – racing each other on the Luge

Grace – the buffet

Darcie – skiing

Rory – dog derby at Coronet Peak and the Haunted House

Jack Kerr – Black runs and the ski jumps

Jack Featherby - skiing, shopping and food

## School procedures for the bushfire season

Fire danger ratings and warnings are used in Victoria to provide clear direction on the safest options for preserving life.

Schools and children's services listed on the DET Bushfire At-Risk Register (BARR) will be closed when a Code Red fire danger rating day is determined in their Bureau of Meteorology district. **Our school has been identified as being one of those at high bushfire risk and is listed on the BARR.**

Where possible, we will provide parents with ample notice of a potential Code Red day closure by letter, SMS message, email and Facebook (if possible). A Code Red day will be determined by the Emergency Management Commissioner no later than 1.00 pm the day before the potential closure. Once we are advised of the confirmation of the Code Red day we will provide you with advice before the end of the school day.

**Once confirmed, the decision to close will not change, regardless of improvements in the weather forecast.** This is to avoid confusion and help your family plan alternative care arrangements for your child. It is also important to note that:

- No staff will be on site on days where the school is closed due to a forecast Code Red day.
- School camps will be cancelled if a Code Red fire danger rating day is determined for the Bureau of Meteorology district in which the camp is located.
- As a bus co-ordinating school all bus routes will be cancelled.

On these Code Red days families are encouraged to enact their Bushfire Survival Plan – **on such days children should never be left at home or in the care of older children.**

For those of us living in a bushfire prone area, the Country Fire Authority (CFA) advises that when Code Red days are forecast, the safest option is to leave the night before or early on the morning of the Code Red day.

As part of preparing our school for potential hazards such as fire, we have updated and completed our Emergency Management Plan and taken steps to clear our facility's grounds and gutters.

### **What can parents do?**

- Make sure your family's bushfire survival plan is up-to-date and includes alternative care arrangements in the event that our school is closed.
- Ensure we have your current contact details, including your mobile phone numbers. Keep in touch with us by reading our newsletters, by checking our website [[www.boortds.vic.edu.au](http://www.boortds.vic.edu.au)] and by talking to your child's teacher or any other member of the teaching staff about our emergency management plan.

- Most importantly at this time of year, if you're planning a holiday or short stay in the bush or in a coastal area, you should check warnings in advance of travel and remain vigilant during your stay.
- If your child is old enough, talk to them about bushfires and your family's bushfire survival plan.
- You can access more information about children's services closures on the Department of Education and Training website – see <http://www.education.vic.gov.au/about/programs/health/pages/closures.aspx>
